

Vue Collection™ table assembly instructions

Models 1300, 1301, 1310, 1323

To assemble:

Step 1 : Attach **triangular plates** to the tops of each **leg** using 2 **short screws**, tighten with **Hex wrench**. Install **levelers** x 4 to the other end of the leg.

Step 2: install 4 **spacers** into threaded inserts on underside of **top panel**

Step 3 : Attach **bottom panel** to **top panel assembly**. Insert **long screw** through hole in **bottom panel** and thread into bottom end of **spacer**. Secure with **hex wrench**, ensure that screw head is flush or below the surface once tightened.

Step 4: install **leg assembly** x 4. Using 3 **short screws** per leg to the underside of the **bottom panel** assembly. Level table as needed once completed.

Step 5: Position **glass insert** (Printed border is to face down) into the opening on **top panel**.

Care and Maintenance: Vue collection of tables are designed for indoor use on level surfaces. Clean glass with non ammonia based glass cleaner wood and metal parts to be cleaned with damp cloth.
